

UNITED STATES DISTRICT COURT  
DISTRICT OF NEW HAMPSHIRE

Katherine Gatsas

v.

Case No. 05-cv-315-SM

Manchester School District

ORDER

Re: Document No. 61, Motion to Amend [54] Amended Complaint

Ruling: Motion previously orally denied at pretrial conference. The proposed amendment would require further delay of the scheduled trial in an already aging case, raises new issues that would require reopening discovery, and appears to relate to a temporally unrelated matter. Moreover, defendant agrees to plaintiff's seeking compensatory damages through the jury's verdict, which would cover any injury (through verdict) claimed.
